

I Don't

Told Slant

i used to look at you like a
fire place in the living room
i was the tired face lying next to you
how are you
now i have different words when i talk to you
and different faces to look at you
some are tidal waves some are
how are you
i miss you
and
i don't want to think about it at all
i dont (x5)
i don't want to think about it at all
i don't (x5)
i dont-ont (x3)
i don't (x4)i used to think of death as staying the same
but i used to look at you without feeling this way
your mom's phone call felt like a get well card
i think it's my fault
i don't want to think about it at all
i don't (x5)
i don't want to think about it at all
i don't (x5)
