No Reins

Rascal Flatts

She left that loser in a dust cloud
Heart in his hand, chin on the ground
Cried a last tear for that clown
She can see a little clearer nowShe said, "Oh oh, I gotta go and find me"
Oh oh, she found the strength to break freeLike a painted wild Mustang
Flyin' out across the open range
Finally gets to live her life that way
No fear, no fences, nobody
No reins, no reinsAll shes ever felt is held back
She says, Its kinda nice to hear myself laugh
Shes gonna do a lot more of that
Shes makin' plans and makin' tracksShe said, "Oh oh, I gotta go and find me"
Oh oh, she found the strength to break freeLike a painted wild Mustang
Flyin' out across the open range
Finally gets to live her life that way
No fear, no fences, nobody, no reinsOh oh, shes learnin' how to let go
Oh oh, whichever way the wind blows
Oh oh, shes learnin' how to let goLike a painted wild Mustang
Flyin' out across the open range
Finally gets to live her life that wayLike a painted wild Mustang
Flyin' out across the open range
Finally gets to live her life that way
No fear, no fences, nobody
No reins, no reins
