

# Who Are You Now?

## Sleeping With Sirens

Yeah, yeah  
Don't wake me up if I'm sleeping this life away  
Tell me that I'll never be good enough  
Sometimes it hurts to think it could really be that way  
It won't be that way  
I'm tired and I'm lost  
I don't wanna be found  
I put my heart and my soul  
And strength in this now  
So forgive me 'cause I won't forget that  
Yeah, this world has changed me  
So you know when you ask me  
Who are you now?  
Did you say what you want?  
Don't go back to this song  
I'm asking, who are you now?  
Did they break you apart?  
Won't you fight back for what you want?  
Sometimes you gotta fall before you fly  
We're gonna work it out  
Yeah, yeah  
Don't, don't, don't wake me up  
'Cause I hate who I am today  
So come on, come on  
And just take, take, take what you want  
Is it now what we're living for?  
We're always wanting more  
You made me hate my own reflection

Question every choice I make  
So I could try to be perfect  
But I will try to be fake  
So forgive me 'cause I really could care less that  
This world has changed me  
So you know when you ask me  
Who are you now?  
Did you say what you want?  
Don't go back to this song  
I'm asking, who are you now?

Did they break you apart?  
Won't you fight back for what you want?  
Sometimes you gotta fall before you fly  
And sometimes you really live, you've gotta try  
We can change it all together, in the end you're gonna find  
That what we felt in our hearts was real the whole time  
When you open up your eyes, I hope that you find  
Who you are, who you are  
Who are you now?  
Who are you now?  
Who are you now?  
Did you say what you want?  
Don't go back to this song  
I'm asking, who are you now?  
Did they break you apart?  
Won't you fight back for what you want?  
Sometimes you gotta fall before you fly  
Sometimes you gotta fall before you fly  
We're gonna work it out
