Moon Palace

Luna

Seventeen dreams for you
They'll all be gone tomorrow
Pull me a face
And say something witchy
It's time to get out of your bedSome people talk like babies
Others say nothin' at all
Give me a slug
From the wonderful jug
It's time to get out of your headWell we're travelin' light
Gonna speed through the night
Only now you recall
It means nothing at allYou were stuck in a dream
And you wanted to scream
But it's nothing at all
No it's nothin'Don't wanna go to class
Said they could kiss you goodbye
You've got no choice
Feel like Christopher Boyce
Time to get out of your bedWords you don't understand
Are all makin' sense tonight
It's hard to think straight
When you're feelin' so great
Only wanna get out of your headWell we're travelin' light
Gonna speed through the night
Only now you recall
It means nothing at allYou were stuck in a dream
And you wanted to scream
But it's nothing at all
No it's nothing at allWell we're travelin' light
Gonna speed through the night
But it's nothing at all
No it's nothing at all
