

Cool Out

The Black Tambourines

Every other night, In my dreams, She's alright
Every other day, In my head, I could die
Make it out in my mind, So I'm kind
Sometimes I wish, I would die

I don't wanna do, One more trip, One more fight
I can't make it through, One more day, One more night
Make it out in my mind, So I'm kind
Sometimes I wish I would die
