Camel

In reply to your request
Please find, I hereby protest
To the ways and means you use
You know, I cannot refuse So I'll take this vow of loyalty
Fight for the right
You have said
To be free When this time has run its course
I must, live without remorse
For the deeds, I'm bound to do
I know, it's all the same to you But I won't forget
The memory
Taking a life for a life
To be free
