

# My Buttons

Shanell

Hello, Hello, button  
Why you acting stubborn  
I know last time wasn't  
Worth all of your coming  
But pick your chin, work with me tonight  
This time I swear he will do it right  
Yes he'll do it right  
Oh he'll do it right  
Listen to me button  
Even if he is frontin'  
Still pucker up and show him  
How tight you can hold him  
Make him slip and slide the way you do  
And this ride might be more fun for you  
And I'll have more fun too  
I'll have more fun too

So

Chorus

Hang in there a little while longer button  
I think the finish line is getting real closer button  
Now he's getting and he's squeezing and he's is screaming  
when he's done he'll be gettin' up leavin'  
Hang in there a little while longer button

Dance Break

Oh, oh, oh, oh, oh . . . (cont. til end)

Pack your shit button  
This was disappointing  
Didn't know he couldn't  
Handle all your pulsing  
Should have listen to you all along  
I'll take care of you, when he goes home  
Can't wait till he goes home  
Wait till he goes home

Chorus

Hang in there a little while longer button  
I think the finish line is getting real closer button  
Now he's getting and he's squeezing and he's is screaming  
when he's done he'll be gettin' up leavin'

Hang in there a little while longer button  
Hang in there a little while longer button (See you win some, and you loose some)  
I think the finish line is getting real closer button (We were almost there, we were almost there)  
Now he's getting and he's squeezing and he's is screaming  
when he's done he'll be gettin' up leavin'  
Hang in there a little while longer button  
Dance Break  
Oh, oh, oh, oh, oh . . . (cont. til end)
