

Endlessly (feat. A.CHAL)

Tess

My heart stops when you're closer
Boom, crush, I think I collapse
Swept up in a whirlwind, you turn me inside out
Love is blind but I am not
You're the one and I'm falling I'm falling down but you're under You make me burn with desire
I feel our body on fire
You go straight to my heart Oh baby like fireworks You bring me the light when the dark comes over
You lend me your arms when i get lonely
You give me your time so the life gets better
You bring me your love endlessly endlessly

(A.CHAL)

I was deep in the ocean
From down there saw your fire
Phoenix wings in the sun rays
Couldn't wait to get higher
You flew by on the coast line
I was lurking for your time
We met eyes during sun rise
Then we got lost in my tides
The currents keep moving
We're deep in the blue (yeah)
Who knows what we doing
If I got you I'm cool (yeah)
We're in the abyss now
Who knows what we'll find out
You want to go fly now
I keep going right down

(TESS)

You bring me the light when the dark comes over
You lend me your arms when i get lonely
You give me your time so the life gets better
You bring me your love endlessly endlessly Endlessly endlessly You make me burn with desire
I feel our body on fire
You go straight to my heart
