

# June Haverly

[Troye Sivan](#)

June Haverly,  
You always get your way,  
But June Haverly,  
Not today, no not today You're on top of the world,  
Just trynna stay on track,  
And they'll kiss your feet while they stab your back,  
And watch you started burn to blazing crying June Haverly,  
You always got your way,  
But not today, no not today  
No not today June Haverly,  
You're not to blame,  
No not to blame  
And June Haverly,  
Don't be ashamed,  
For all the pain You're on top of the world,  
Just trynna stay on track,  
And they'll kiss your feet while they stab your back,  
And watch you started burn to blazing crying June Haverly,  
We miss you so  
Why'd you go?  
Oh why'd you go? You're on top of the world,  
Just trynna stay on track,  
And they'll kiss your feet while they stab your back,  
And watch you started burn to blazing crying June Haverly,  
We miss you so  
Why'd you go?  
Oh why'd you go?
