

# Video Model (feat. Christina Milian & Lil Wayne)

## Young Money

We be up all night, up all night, this is love  
We be up all night, up all night, don't give a fuck  
Got my hands up high, so high, in the club  
All my girls turnt up, cups poured up  
All the boys wanna touch, they can't get enough, this is love  
Think I'm in love  
Turn up, don't turn me down, just let my body go  
I'm about to work right now, like in a video  
I might make you twerk right now, like in a video  
Like in a video  
Like in a video  
Like in a, like in a, like in a video, video(We gon' get on down now)  
(She pop that, pop that) video model  
She turnt up, sippin' right out of that bottle  
She pop that, like a video model  
She turnt up, so I hit it from the bottom  
She twerk that, and I'm putting in dollars  
She turnt up like a video model  
She throwing that ass like a video model  
Stay twerking that ass like a video model We be up all night, up all night, this is love  
We be up all night, up all night, don't give a fuck  
Turn up, don't turn it down, just let my body go  
I'm about to work right now, like in a video  
I might make you twerk right now, like in a video  
Like in a video  
Like in a video  
Like in a, like in a, like in a video, video(We gon' get on down now)  
(She pop that, pop that) video model  
She turnt up, sippin' right out of that bottle  
She pop that, like a video model  
She turnt up, so I hit it from the bottom  
She twerk that, and I'm putting in dollars  
She turnt up like a video model  
She throwing that ass like a video model  
Stay twerking that ass like a video model Uhh, I run this bitch  
Girl I let you run your mouth  
She say 'but I don't run from that dick'  
Alright, I go so hard, I put it down  
I put it down I leave a dent

I am just tryna get my fucking mile, out of an inch  
My ho a psychopathic, with a fashion habit  
Shake that ass, bitch, shake that ass, bitch
