

# Older Women

Rodney Carrington

I like older Woman How bout you?  
19's are good to look at,  
but they're to young for my lovin'  
20's are fun but they're not done,  
you need to stick 'em back in the oven  
At 33 they're divorced and free,  
but now they hate all men  
But at 42 they love to screw!  
But wanna get married again!  
ohh I like older Woman How bout you?  
Hey at 59 they're lookin' fine,  
but they're still not a winner.  
But man alive at 65,  
You get a discount when you take 'em to dinner  
At 78 hey they're looking great!  
bending over with their gravy ladle.  
But if your talking chicks at 86!  
You know you're still robbing the cradle!  
Yeah I like older Woman, the older they are the better!  
Gotta take out the teeth to give you a kiss  
or nit you a brand new sweater!  
Hey there house smells just like cornbread  
Thier hair's a pretty shade of blue.  
I go insane when they walk with a cane,  
in othapedic shoes!  
Have you ever made love in an afghan?  
with all your toes a pokin' through  
It's that feeling I get  
Lord I swear that make my pecker grow an inch or two!  
I like older Woman how bout you?!
