

# The Charm Offensive

## Oceansize

Senses oh how could you fail us now;  
I check your heart still makes a hissing sound  
It's just another name for sorcery  
We still believe in what we never see  
Our perception is but a camera trick  
Authority a uniform  
Another name for a second chance  
You offer more, the sophomore  
You offer more, we offer more Goldmouth at full voice refuse  
This should be our chance  
we take this lying down  
we take this lying Goldmouth at full voice refuse  
This should be our chance  
we take this lying down  
we take this lying And it burns, it burns us all out as it blows Everyone Into Position We love to lie and pretend  
that it's all o.k.  
We love to save all these words 'til another day  
So don't think on your feet  
Cos you sink from your feet up  
Are you flirting with me? Charm Offensive, perma-pensive, dream it all away  
Some may kill you, as you continue, to lie for us, I pray It burns, it burns us all out as it blows  
And it burns, it blows Everyone Into Position  
Harder to the opposition, harder to the opposition Don't you think on your feet  
Cos you sink from your feet up  
But I'm routing for you, routing for everyone, everyone, everyone They've sold us out again;  
Thrown us in the fire  
They say we're all the same  
Well, yeah, but we're not liars, liars, liars...
