

# Going Down To the River

Doug Seegers

I'm going down to the river to wash my soul again .  
I 've been runnin with the Devil ,and I know he's not my Friend.  
I've been falling by this wayside , livin in this world of sin .  
I'm going down to the river , gonna wash my soul again .I'm going out to the country , to bury my head in a  
creek .  
I'm gonna jump into that water , baptize both my feet .  
Cause everywhere I've been walking ,  
I've been getting in trouble deep.  
Going down to the river , gonna wash my soul again .Well this whole world is going to Hell in a hand basket .  
If I don't get some resurrection soon  
I 'm going to end up in a Casket .  
Well --- Whooo .

BREAK.

I'm going down to the river to wash my soul again  
I 've been runnin with the Devil ,and I know he's not my Friend.  
I've been falling by this wayside , livin in this world of sin .  
I'm going down to the river , gonna wash my soul again .  
I'm going down to the river , gonna wash my soul again.  
I'm going down to the river , gonna wash my soul again.
