

# After The Candles Burn

## Ruben Studdard

Time is all we have  
Look around and see  
Its just you and me baby  
Let my spirits loveThe thunders roll and hit the lights,  
'Cause they keep going in and out  
I'd rather see your silhouette  
Once the candle's lit  
OoooooHold me baby  
Keep it.. (keep it coming baby)  
All night long (till after the candles burn)  
And I will still be going on and onAnd huggin' and kissing till morning  
The sun will be shinin' and will be  
On and on  
Till after the candles burn  
Oooh oooh... ooooDon't be surprised  
If I start to cry  
From the emotions taking over our body  
Your body and mine(and let the self decide, you'd ask if I would never stop at my reply)  
'Cause I won't stop  
Like these candles will be burnin'  
Oh yeah (hold me baby, keep it),Keep it coming baby.. yeah  
(all night long),  
'Til after the candles burn  
And we'll still be going on and(on and on and on) on and on,  
(huggin' and kissin' till morning, the sun will be shining)  
The sun will be shining (on and on)  
'Til after the candles burn.. oooh ohh...All these feelings  
(all these feelings baby)  
Inside has combined as we capture love supernaturally  
It can't be definedCounted the moment, we've been waiting for our whole life  
We'll never be needed after were finished  
We'll light those candles and do it again and again  
Hold me baby(again and again)  
Keep it (baby keep it coming)  
All night long till after the candles burn  
And we'll (ooohh) still be going on and onLoving and kissing  
The sun will be  
Shining  
Oh would you babyWould you baby

On and on  
Oh yea ooh  
'Til after the candles burn
