

# The Real Snow White

## The Cure

You've got what I want  
You've got what I want  
Yeah, you've got what I want  
You've got what I want You've got what I want  
You've got what I want  
You've got what I want Oh, yeah, it's only for the night  
And I will give it back tomorrow I swear  
She can barely breathe, don't stare  
I know the dress is tight but it was all I had to wear Give me what I need, please share  
You know it's only right  
And I would never lie to you, I wouldn't dare I made a promise to myself  
I wouldn't start with anyone else  
But you know how it is with these promises  
Made in the heat of the moment  
They're made to be broken in two  
Sometimes the only thing to do Oh, no, it's all coming back  
How I came to in a sticky three day hole  
Didn't see the sign, go slow  
Too busy tuning static on the radio She hissed it in a song, don't go  
It always fades to black  
But that's why I love the trip, it's so inevitable I made a promise to myself  
I wouldn't fall for anyone else  
But you know how it is with these promises  
Made in the heat of the moment  
They're made to be less than they seem  
Whenever you've got what I need And you've got what I need  
You've got what I need  
You've got what I need For service with a smile  
I have to walk in on my hands and roll for free  
You say it's all the same, ennui  
You're not the real snow white  
The real snow white is on my knee I didn't need to get, I did  
It's simply minimum height  
And getting all dressed up in seven ways to please I made a promise to myself  
I wouldn't stay with anyone else but  
You know how it is with these promises  
Made in the heat of the moment  
They're made to be broken one day  
If there's no time to get away She wasn't made to shine

She was really only ever made to glow  
I left her in the dark, no show  
Quiet sucking on a line, it was a tricky gun to load  
And I didn't get to fire, hi-ho  
She's off to work for time  
I should have finished out with higher up than low  
I made a promise to myself  
I wouldn't stop with anyone else  
But you know how it is with these promises  
Made in the heat of the moment  
They're made before right becomes wrong  
Whenever you've got what I want  
Whenever you've got what I want  
Whenever you've got what I want  
Whenever you've got what I want  
And you've got what I want  
You've got what I want  
You've got what I want  
Oh yeah, it's only for the night  
And I will give it back tomorrow I swear
