Wanna Go

Maxsta

I know you wanna go (go... go... go... go... go)Yeah Max
Ha. Yeah.
Roll with them in the zones I'm living I got a fast car I'm in pole position
Drummer boy because I control the rhythm
Everybody in my city knows I'm winning
No kiddin let me take you down shoreditch
Bright city lights even if you can't afford it
I keep living with the rents no mortgage
Giving out wrong directions to a tourist
Tell me what you call this, get turned up
the roof's on fire get burnt up
Got a couple ciggerettes and some cheap booze
Playin songs that n****z can't see through
Wakin up the estate when I speed through
Cause I gotta tell em about a place that I've been to
Max
Let me take you a place I know you wanna go
Noone can stop wait for the beat drop
can you see this party living
from left to right with the baseline tight
we got that party livin
no I can't wait every night and day
I wanna go (we livin)
liftsyles we grow when we lose control
next thing you know we livin
(Good Life Good Life Good Life) anything you need
(Good Life Good Life Good Life) you can find it in me
(Good Life Good Life Good Life) we can take it fast or slow
Let me take to you a place I know you wanna go good life
Yeah Roll with them theres no road to rhythm
we can trespass we got no permission
got bad habits I say no to quitting
pedal to the medal that's stone cold collission
got flows for shows got flows for woman
got holes to blow and go mo for sipping
you think your cold i say no to chilling
im in the town with c your on the sofa sittin
chicks so hot we handhold with mittens
trying get a villa matt holland and shay given

vets getting there for the verse that I pre-written
I don't stop there but all of their teens listen
you want a piece of the life I've been livin
and I'm itchin to show you the life that you've been missinLet me take you a place I know you wanna go
Noone can stop wait for the beat drop
can you see this party living
wa left to right with the baseline tight

no I can't wait every night and day
I wanna go (we livin)
liftsyles we grow when we lose control
next thing you know we livin
(Good Life Good Life Good Life) anything you need
(Good Life Good Life Good Life) you can find it in me
(Good Life Good Life Good Life) we can take it fast or slow
Let me take to you a place I know you wanna go goodGood life we about that life (repeat)Let me take you a place I know you wanna go
