Let the Serpent Sleep

Elf Power

The day turns into night
The dog will always bite
The serpent's underground
He lies without a sound
So let the serpent sleep
Oh let the serpent sleep
We're frozen underneath
So let the serpent sleepThe worm will eat the peach
There's pebbles on the beach
The swine is in the mud
The eagle flies above
So let the serpent sleep
Oh let the serpent sleep
We're frozen underneath
So let the serpent sleepThe ocean lives and breathes
And man creates machines
Children run away
And night turns into day
So let the serpent sleep
Let the serpent sleep
We're frozen underneath
So let the serpent sleepLet the serpent sleep
Let the serpent sleep
We're frozen underneath
So let the serpent sleep
