

Bite My Tongue (Featuring Oli Sykes)

You Me at Six

I hate to break it to you but
You're just a lonely star
I try to bring you down but
A level isn't good enough
You always do as you believe so
I'm gonna fall asleep
And take a seat
And watch you fall apart
'Cause in the end
What are you without me?
I slow this down 'cause I know that you can't keep up
Oh baby I, maybe I was alone from the start
I might be proud, but at least I'm proud of something
You've taken pride in becoming nothing You keep me on the edge of my seat
I bite my tongue so you don't hear me
I wanna hate every part of you with me
I can't hate the ones who made me You keep me on the edge of my seat
I bite my tongue so you don't hear me
I wanna hate every part of you with me
I can't hate the ones who made me I'm married to the music
For better or for worse
You say that I'm privileged but
Your gift is my curse
I can't recall the last time
Someone asked me how I was
Well deject I was a fucking wreck
But my help can only shoot us
I sit in the dirt You keep me on the edge of my seat
I bite my tongue so you don't hear me
I wanna hate every part of you with me
I can't hate the ones who made me You keep me on the edge of my seat
I bite my tongue so you don't hear me
I wanna hate every part of you with me
I can't hate the ones who made me Just forget what you've learned
Just forget what you've heard
The truth just confirmed
I can't bare the sight of you anymore.
You've become what I hate
Sold yourself for a bit of fame

Now that the wolves have closed the door
You wanna drag me down some more
Fuck you
Fuck you You keep me on the edge of my seat
I bite my tongue so you don't hear me
I wanna hate every part of you with me
I can't hate the ones who made me You keep me on the edge of my seat
I bite my tongue so you don't hear me
I wanna hate every part of you with me
I can't hate the ones who made me
