Anyway

Tori Kelly

If I said I'm difficult sometimes
Say whatever comes to my mind
Would you stay with me any anyway?
If you knew I made a lot of noise
Say whatever just to make my point
Would you stay with me any anyway?Well this is the only Tori that I know how to be (how to be)
I'm sorry if that don't fit your reality (reality)
I'm giving one hundred percent of me
So take it orderly
Whether you're in or out (out)
This is what I'm aboutBecause I'm up, I'm down
I'm left, I'm right
Imma be myself all day and night
Whether you leave or stay
This is me any anyway
I'll do my own thing and that's alright
It's the way I choose to live my life
Whether you leave or stay
This is me any anyway
Woah oh oh oh
Oh oh oh oh, this is me any anyway (ah ah ah) ah ah ah ohIf I said I'm gonna make you wait
I don't mean it but I'm always late
Would you stay with me any anyway?
If I see you getting out of line
Best believe I'm gonna handle mine
Would you stay with me any anyway?Well this is the only Tori that I know how to be (how to be)
I'm sorry if that don't fit your reality (reality)
I'm giving one hundred percent of me
So take it orderly
Whether you're in or out
This is what I'm aboutBecause I'm up, I'm down
I'm left, I'm right
Imma be myself all day and night
Whether you leave or stay
This is me any anyway
I'll do my own thing and that's alright
It's the way I choose to live my life
Whether you leave or stay
This is me any anywayWoah oh oh oh

Oh oh oh oh
This is me any anyway
Woah oh oh oh
Oh oh oh oh
This is me any anyway (ah ah ah)Where to begin?
Comfortable in my skin
I don't smoke, might drink
You act like it's a sin
But while you're out partyin' with men and women who be pretendin'
I'm cool with being different while you hipsters blend in
My heads full of dreams and I feel like livin' them
While you're messin' with perfection
Inspiration's what I'm chasin'
And take it or leave babe
I'm not gonna change
If you don't understand I don't need you anywayI'm the only Tori that I know how to be
Sorry if that don't fit your reality
Giving one hundred percent of me
So take it orderly
Whether you're in or out
This is what I'm aboutBecause I'm up, I'm down
I'm left, I'm right
Imma be myself all day and night
Whether you leave or stay
This is me any anyway
I'll do my own thing and that's alright
It's the way I choose to live my life
Whether you leave or stay
This is me any anywayWoah oh oh oh
Oh oh oh oh
This is me any anyway (ah ah ah)
Woah oh oh oh
Oh oh oh oh
This is me any anyway
