

# I Never Had It So Good

[\*\*Paul Williams\*\*](#)

I never had much money  
I never won a race  
My jokes don't end up funny  
And I've had doors slammed in my face  
But I think you've charmed me  
I always hoped that someone would  
I never had a love like this before  
I never had it so good I'm not the kind that's trusted  
Always tripping over logs  
And often I've been busted  
Chased by friendly dogs  
But I think you've charmed me  
I always hoped that someone would  
I never had a love like this before  
I never had it so good
