Get Stamped

Waltari

Just take your trendy shirt
and you'll be heading for masses
the teen style's beautiful
it breaks the innocence; crashesit's a fallen nation
just take this step into the crowd
it's se far from creation
the mayday is running through your veinslet's head for the masses
as it crashes your lost soul
no chance for the beauty
the beast praises your heart made of coldlet's head for the masses
as it crashes your lost soul
let's act like the others do:
get marked and then get stampedi saw the changing line
i saw my friends losing fire
i saw how proud they feel
being the slaves of desireit's a big penetration
into the dreams of yesterdayit's a falling nation
the mayday is running through your veinslet's head for the masses
as it crashes your lost soul
no chance for the beauty
the beast praises your heart made of coldlet's break through the real consciousness
of feeling all the lovelet's act like the others do:
get marked and then get stampedas it comes to this
when it feels the same
there is one to blame just meas it comes to this
i don't like this game
this feels like a lonely place to be
set me free
without youlet's head for the masses
as it crashes your lost soul
no chance for the beauty
the beast praises your heart made of coldlet's head for the masses
as it crashes your lost soul
let's act like the others do:
get marked and then get stampedGET STAMPED
