Masquerade Party

Carl Belew

I was going to a masquerade party
And I was searching for the one who set me free
And I found her at the masquerade party
And the devil gave my angel back to meShe was wearing the mask of a devil
And I walked up and asked her to dance with me
She said yes and I took her for my partner
And the devil gave my angel back to meNow we're dancing like the way up in heaven
And a million stars may have our feet
Then I lifted the mask of the Satan
And the devil gave my angel back to me
Now we're dancing like the way up in heaven
Cause the devil gave my angel back to me
