Feel Berlin

The 69 Eyes

Do you like concrete agony Kreuzberg on Saturday?

Tell me baby what you need

There's the Zoo alive as the city sleeps tonight

Eternal divided dreamGoing down to Potsdamer singing

Checkpoint Charlie blues

The 70's brought Bowie baby

Do what you doYou gotta feel Berlin

Baby, yeah

You gotta feel Berlin

Baby, yeah

You gotta feel BerlinDo you like punk rock, mutiny, rock 'n' roll depravity?

Tell me baby, what you need?

Boys keep swinging wild at heart until the morning

Let this city baby set you freeGoing down to Potsdamer singing

Checkpoint Charlie blues

The 70's brought Bowie baby

Do what you do You gotta feel Berlin

Baby, yeah

You gotta feel Berlin

Baby, yeahJust life that's what it is

Don't be afraid of an angel's kiss

Just life that's what it is

Don't be afraid of a criminal kissYou got to feel BerlinGoing down to Potsdamer singing

Checkpoint Charlie blues

The 70's brought Bowie baby

Do what you do You got to feel Berlin

Baby

You got to feel Berlin

YeahJust life that's what it is

Don't be afraid of an angel's kiss

Just life that's what it is

Don't be afraid of You got to feel Berlin

Just life baby, yeah

You got to do what you feel

Baby, yeahYou gotta feel Berlin

Baby

Don't be afraid of a

You got to, got to, got to

You got to do what you feel

Baby
You got to do what you doYou got to feel
You got to, got to feel
Do what you do
Do what you do
You got to feel Berlin
