If She Cared

Bobby Bare Jr.

If she cared where I was then I wouldn't be here right now
If she cared where I was then I'd be right back where I really want to be
Fucking around to the sound of the sad songs that make her so happy
If she cared where I was then I wouldn't be doing were about to do
If she cared where I was then I'd be doing with her what I've been doing with you
And I know that you know because your silence is screaming at me
That girl from Mississippi got no use for me
