

No Rainbow

Deadboy & the Elephantmen

Baby,
I'm pale and still
My blood's all run down the drain
My blood's all run down the drainBaby,
It's raining in here
And falling,
But, I think it's bloodNo rainbow
It's raining skulls
When the raining stops,
there will be no rainbowBaby,
But, I'm pale and still
You were a lie I made up
You were a lie I made upBaby,
It's raining in here
And falling
But I think it's bloodNo rainbow
It's raining skulls
When the raining stops,
there will be no rainbowNo rainbow
It's raining skulls
When the raining stops,
there will be no rainbow
