# The Eagle Has Landed (Saxon Over Sweden 2011)

## Saxon

Take a giant step for mankind on a distant lunar sea
As you travel 'cross the universe
Will you take a step, take a step for me
Will you take a step for me?The voyage of an eagle, blasting to the stars
You take the hopes and dreams of men
To find yourself, to find tranquility
To find tranquility, yeahIs there anybody out there?Speeding across the universe and placed a lonely flag
Out there in isolation at the final, final frontier
At the final frontierThe world seems celebrating, as we wait for your return
You took a giant leap for mankind on another, on another world
On another world, on another worldTake it easy, take it slow
Don't go fast, don't let go
The eagle has landed
The eagle has landed
The eagle has landed
The eagle has landedTake it easy, take it slow
Don't go fast, don't let go, no
The eagle has landed
The eagle has landed
The eagle has landed
The eagle has landed
The eagle has landed
