

Contrast

Infinitskills

There's no limitation to what this beat can do
You better get the feeling before the night is through
 Contrast, contrast, contrast, contrast
There's no limitation to what this beat can do
You better get the feeling before the night is through
 Break the beat while I'm coming up strong
There's no limitation to what this beat can do
You better get the feeling before the night is through
 Contrast, contrast, contrast, contrast
 Break the beat while I'm coming up strong
 Contrast, contrast
There's no limitation to what this beat can do
You better get the feeling before the night is through
 Contrast, contrast, contrast, contrast
 Break the beat while I'm coming up strong
