Always On My Mind

Gabry Ponte

I've been lost on these endless streets such a long, long way from home
While you're stuck in an empty room as you wait for me to show
You are always on my mind
You are always on my mind
Always on my mind
When i sleep every dream is you filling up this empty bed

I awake to the sound of your voice but it's only in my head
You are always on my mind
You are always on my mind
Always on my mind
I always thought i could make it
Alone but you make it so hard to leave
