Such A Fool

The Vaselines

12 o'clock in the morning and i'm chilling with some friends
Before the club we're hangin out until this girl walked in
Caught me by surprise when she didn't say hello
Had an attitude, why be so rude I knew just what to do
Pulled the girl aside and politely gave my name
Told the girl dont act this way
I see right through your game
But what he did was such a shame
Dont be living with his pain
So let it go tonight
I see the beauty within your eyes
So let it go tonight
I never thought that it would be me
Acting like such a fool oooh
And here I am saying girl im sorry
For something i didnt do, this is my point of view
Baby i never meant to fall for her
Lately its been driving me crazy
Baby baby, you still and always will be my baby
Oh yea..
Its 4 o'clock in the morning and it didn't take too long
For the girl to change her tune and now shes singin a different song
She's all up on me, kissing on me, grinding on me
Whats a guy to when this Pretty?s on you

Pretty, im not that guy
I already got that someone in my life
Pretty, im not that guy
I never thought that it would be me
Acting like such a fool oooh
And here I am saying girl im sorry
For something i didnt do, this is my point of view
Baby i never meant to fall for her
Lately its been driving me crazy
Baby baby, you still and always will be my baby
Oh yea..
I let her in but only before a minute, girl
She was up in my mind
But it was you I found a start

You'll always have my heart
Say my heart
I never thought that it would be me
Acting like such a fool oooh
And here I am saying girl im sorry
For something i didnt do, this is my point of view
Baby i never meant to fall for her
Lately its been driving me crazy
Baby baby, you still and always will be my baby
Oh yea..(2x)
