

# Halo Friendly

## Damien Jurado

I'm standing on the top of the moon  
Looking down at you  
(You're tiny, you're [Incomprehensible])Standing on the top of the star  
Wondering where you are  
(You're driving in your car)Standing on the top of the world  
Looking at a girl  
Who doesn't notice meI'm halo friendly  
I'm halo friendlyI'm standing on the top of the world  
Looking at the girl  
(Who will someday notice me)Standing on the top of a star  
You're standing in the yard  
(You're lonely just like me)I'm standing on the top of the moon  
Longing to be with you  
If only you had wingsI'm halo friendly  
I'm halo friendly  
I'm halo friendlyStanding at the top of the world
