Blackacidevil

Danzig

Blackacidevil, on my own
I've got to feel your heart beat next to my
Blackacidevil, on my own
Do you want to look inside my soulBlackacidevil, on my own
I've got to feel your heart beat next to my
Blackacidevil, on my own
Do you want to look inside my soul, inside my soul
Inside my soul, inside my soulBlackacidevil, darkness bound
Do you want to play with me
Your blood runs cold, you have no soul
Your veins will burn the hunger growsYour brain shuts down, darkness crown
Do you want to look inside my
Blackacidevil, all my own
I've got to feel your heartbeat start to lose controlYou have no soul, you have no soul
You have no soul, you have no soul
You have no soul, you have no soul
You have no soulBlackacidevil, on my own
I've got to feel your heart beat next to my
Blackacidevil, on my own
Do you want to look inside my soulBlackacidevil, on my own
I've got to feel your heart beat next to my
Blackacidevil, on my own
Do you want to look inside my soul, inside my soul
Inside my soul, inside my soulBlackacidevil, venom rush
Do you want to race inside
Your heart stops dead, you have no pulse
You burn like ice, your thoughts go coldThe piercing starts beast in heat
Do you want to look inside my
Blackacidevil, on my own
I've got to feel your heartbeat start to lose controlYou have no soul
You have no soul
You have no soul
