We've Got Your Party

Slave

If you can't sing a song
You should try and hum along,
Everybody say yeah!

Whenever you're in doubt
Let Us tell you what its about,
Its about a party, y'all

You can't let this feeling pass you by,
Take a listen, why have give a try
You can't let this feeling pass you by.
Take a listen, why not have a try!

Party! Get Down, Y'all!
