

Don't Need Anything (Randy Newman Version)

[Glen Phillips](#)

I've got gardens growing, got quiet days
Clothes on my back, food on my plate
Got friends to help me if I call for them
I don't need anything that I don't have I've got eyes to see this beautiful land
And feet to take me where I want to stand
If there's work to be done
There's these two strong hands
I don't need anything that I don't have
I don't need anything that I don't have Some years the rains don't come
And some years floods clear out the plains
If those waters washed this town away
I would still have enough
If she was with me I've a roof overhead, the stars if I choose
But I've got no itch to fly, got no need to move
Got almost nothing
But I understand
That I don't need anything that I don't have
I don't need anything that I don't have
