Take My Hand

embrace today

take my hand hold on tight and cut your throat
you fucking need to recognize the" horrors " of your past.
its not your generation its fucking you to blame.
this time all your life no one gave you the fucking chance to live.
no one gave a shit about" your kind ".
its not your generation its fuckign you to blame.
this time and how long must you fucking cry?
how long are you going to sit and bitch.
you're on your own i wont help you anymore.
you're on your own, take my hand and cut your throat
