Lights Out

Screaming Females

let's not all forget about feeling
and frame it through the hole in your skull
let's not all forget about feeling
the big gun always forgetslights out for sally at midnight
she doesn't listen when i say
ears to the ground eyes in the sky
she doesn't listen when i sayold men are awake and dreaming
young girls lip the sides of their graves
let's not all forget about feeling
the big gun always forgets
let's not all forget about feeling
i would love to forget about love
let's not all forget about feeling
the big gun always forgets.
