Thought About It

Jebediah

It's cold in here, it's cold out there Don't need to know anyway Forget it man, cos I don't care Thought about it yesterday Yeah! Leave me alone. Yeah! Bite me man cos I hate you All the shitty things you do Hope you get what you deserve You must have had a lot of nerve Yeah! Leave me alone. Yeah! Beat me up again, cos you don't understand Beat me up again, cos you don't understand Beat me up again, everyday Beat me up again, everday, day [Repeat entire thing twice then last bit]
