Quicker

I Blame Coco

I am a waste
And you shall be waiting here
You are the place
And you can place me anywhere
We're on our way
We're on our way away from hereBut if we don't stop now
Instead of living in this old horse town
I want it back in again
Let it devour my skin
But we won't start nowIf we could only be Quicker
And be quick to be kind
If we could only be faster
Then we could outsmart timeI am afraid
Afraid of losing time
You are the race
And I'll be racing your mindBut if we don't stop now
Instead of living in this old horse town
I want you back in again
Let you devour my skin
But we won't start nowIf we could only be Quicker
And be quick to be kind
If we could only be faster
Then we could outsmart time
If we could only be Quicker
And be quick to be kind
If we could only be faster
Then we could outsmart timeSo hold me as I hold you
Hold me 'til I drown
Well you could be Quicker
And quick becomes the sound
So hold me as I hold you
Hold me to the ground
Well I could be faster
And fast becomes the highIf you could only be Quicker
You'd be quick to be kind
If you could only be faster
Then you could outsmart time
If we could only be Quicker
And be quick to be kind

If we could only be faster
Then we could outsmart timeSo hold me as I hold you
Hold me to the ground
