

Lethal Injection

Beholder

Die, your fate is sealed by lethal injection

 Tried by a jury of false perception

 Lied to, they bribe you

 Submit to the wrong correction

Your final dose is a lethal injectionYour time has come, it's time to die

 Your soul is heavy, your heart is dry

 Inner fear takes control

Say goodbye to this worldDie, your fate is sealed by lethal injection

 Tried by a jury of false perception

 Lied to, they bribe you

 Submit to the wrong correction

Your final dose is a lethal injectionJudgment falls from the sky

 Lethal injection, you die tonight

 The bleeding starts, your life passes by

Darkness falls, the end of lifeDie, your fate is sealed by lethal injection

 Tried by a jury of false perception

 Lied to, they bribe you

 Submit to the wrong correction

Your final dose is a lethal injection
