

# Midnight

Donn T

It's the "No, I won't do that!" (NO)  
Spoke a word you can't get back (OH)  
When the best one that you had (Go)  
Midnight hurt you bad. You learn your lesson slowly.  
You know a good thing is so rare to find.  
Now you lay you down to sleep.  
But you know, got one thing on your mind. Clock keeps tickin',  
World keeps spinnin,  
Rushin' in. It's the "No, I won't do that!" (NO)  
Spoke a word you can't get back (Oh)  
When the best one that you had (Go)  
Midnight hurt you bad. You say it's tough, it's easy.  
'Round you go until you see the signs.  
Why you don't get no sleep?  
Well, I know got one thing on your mind. Clock keeps tickin',  
World keeps spinnin,  
Rushin' in. It's the "No, I won't do that!" (NO)  
Spoke a word you can't get back (Oh)  
When the best one that you had (Go)  
Midnight hurt you bad. (Spoken) You know what it's like to say a word out of time? (yeah, I'm talking to you)  
To misspeak?  
And instead of just turnin' around and sayin', "I'm sorry, my bad, I apologize" -  
you hold onto that thing.  
You mull over that thing (Huff!)  
Just let it go. Go head let it go, let it go! It's the "No, I won't do that!" (NO)  
Spoke a word you can't get back (Oh)  
When the best one that you had (Go)  
Midnight hurt you bad.
