

Sacrifice

Oh Susanna

Driving slow through the cool night
Wanna see you in the bright lights
You step into the spotlight

With your red dress and your face whiteAnd I wait for you to turn and see
But you don't catch your eye on meI remember when you were first mine

When our eyes met for the first time
We made love then watched the sunrise

Then we kissed and said our goodbyesAnd I know you never wanted to leave
But now you don't catch your eye on me
No you don't catch your eye on meI saw it all in your face

Just before you walked away
I saw it all in your face

Do you know what you betray?You stand alone on the platform
Crowd around you keeping you warm
I watch your face till the train comes

For the trace I knew for too longAnd I know you never wanna believe
'Cause you won't sacrifice for me
No you won't sacrifice for me
No you won't sacrifice for me
