

Magic In The Air

Ahmed Chawki feat. Magic System

We laughed so much then we cried all night
And you left your shoes in the tree with me
I'll wear them to your house tonight
Magic in the air tonight
Yes, I just might try her
How she made me feel
Today, today, today, feels right

We slept on leaves on my drive all night
And you gave me no resting
Nothing in this life for me tonight
But nothing ever seemed so bright
And if you should lose me
You will track me down again
Before the summer ends
