

Upsidedown

Lacuna Coil

I don't understand I don't know what to do
Once again I fail to even realize (realize)
The person that you think of me
Doesn't care, doesn't see, i don't listen anymore
Don't try to change your life with mine
I'm living the darkside
upside down
Laughing at my disaster
I'm living the darkside upside down
Laughing at my disaster
I don't understand why do you feel confused?
Once again you fail to even realize
The person that you think of me
Doesn't care what you believe
Doesn't listen anymore
Don't try to change your life with mine
I'm living the darkside upside down
Laughing at my disaster
I'm living the darkside upside down
Laughing at my disaster
I don't understand why do you feel confused?
Once again you fail to even realize
I'm living the darkside upside down
Laughing at my disaster
I'm living the darkside upside down
Laughing at my disaster
Upside down, upside down
Upside down, upside down
