Stand

Breaking the Silence

STAND!!! STAND!!! STAND!!!
Don't need big brother to wipe my ass,
Don't need Ted Kennedy to spill my glass.
Al not so Sharpton is a racist laugh,
the whole damn world can kiss my ass.
[chorus]I don't need nobody to hold my hand,
don't need nobody, I can stand
make my own way in a rock-n-roll band,
kiss my ass I'm an American.
Don't need no hippies to ban my gun,

Don't need no commies no Mao Tse Tung
rugged independence is a lotta fun,
I laugh so hard when I see em run.
I don't need nobody to hold my hand,
don't need nobody, I can stand
make my own way in a rock-n-roll band,

Don't ya think I'm taxed enuff?
maybe it's time to call your bluff
pimps & whores & welfare brats,
too much government way too fat,
STAND!!! STAND!!! STAND!!! STAND!!!
