

Delete Me

Heideroosjes

Wouldn't it be great
To disappea
Delete my name out of every system
A smile on my face
That's my ID
I'm not on your list 'cause I've got no numberCome on come on come on
Push that button un-ID-me
Come on come on come on
Do it now!Let's get offline
Move out of here
All my bills will be returned to sender
My accounts are closed
Need a print? You can get the finger!Come on come on come on
Push that button un-ID-me
Come on come on come on
Do it now!
