

Life's a Party

Zaza

Let's make this life a party
Let's make this life a party
Let's make this life a party
Let's make this life a party Yeah I think I need a break
'Cause I just can't stay awake
And I've been here all week
Caught up in this stupid daydream
Yeah you think I woulda known
Now he won't pick up the phone
I could sit here all night feeling sorry for myself alone
But I really don't care
Oh well life isn't fair
I'm already over it
Free and confident cause
It's Friday night and my friends
Are going out tonight
I could stay home by myself
Why would I do that? (hahaha)
I'll just go out and party Oh oh
Oh oh oh
'Cause I'm feeling so good tonight
And I wanna have fun tonight Oh oh
Oh oh oh
Come on and get it started
Let's make this life a party Oh oh
Oh oh oh
'Cause I'm feeling so good tonight
And I wanna have fun tonight Oh oh
Oh oh oh
Come on and get it started
Let's make this life a party Let's make this life a party
Let's make this life a party
Let's make this life a party
Let's make this life a party Calling everybody we know
We're gonna have fun so
Where's the party at?
It's anywhere that we go
We'll take the Rover cause we
Own the city

Yeah you know we're cute
Don't hate us 'cause we're pretty
Music so loud
Our ears are ringing
Turn it up DJ
Everybody's singing Oh oh
Oh oh oh
'Cause I'm feeling so good tonight
And I wanna have fun tonight Oh oh
Oh oh oh
Come on and get it started
Let's make this life a party Oh oh
Oh oh oh
'Cause I'm feeling so good tonight
And I wanna have fun tonight Oh oh
Oh oh oh
Come on and get it started
Let's make this life a party Can't shake us
You could never break us
Think you're so cool
Now you wanna hate us
Ain't nobody gonna get us down
Just keep dancin
T-to this sound Can't shake us
You could never break us
Think you're so cool
Now you wanna hate us
Ain't nobody gonna get us down
Just keep dancin
To this sound Oh oh
Oh oh oh
'Cause I'm feeling so good tonight
And I wanna have fun tonight Oh oh
Oh oh oh
Come on and get it started
Let's make this life a party Oh oh
Oh oh oh
'Cause I'm feeling so good tonight
And I wanna have fun tonight Oh oh
Oh oh oh
Come on and get it started
Let's make this life a party Ain't nobody gonna get us down
Just keep dancin
To this sound Come on and get it started

Let's make this life a party
