When You Smile

Casey Darnell

I remember all the times we would laugh and we would sing
You're a girl who loves to dance, I'm a little clumsy
It's just who we are, were good together not apartAnd I know there were sometimes
we thought we wouldn't make it
But standing here now, Can you hear me saying...When I see you smile
It's like a melody I've known for a while
It always makes the darkest times seem light
I'm gonna love your for the rest of my life
Yeah, When I see you smile
To be with you I'd walk 1000 miles
Because our love is always worth the fight
I'm gonna love you for the rest of my life... when I see you smile
And no matter what the heartache or joy the future brings
when the sun is shining down or we cry ourselves sleep
it's Not Hollywood dream, it's a lifetime thingand we may not be a book that's ever best selling
but this family is the story we're telling...()
Bridge
it won't always be perfect,
when our faith if hard to find
know this promise is forever,
every season of our lives
