Hard Biter

Smile Empty Soul

Been higher, red rider
Gas light up, but you never felt when the flame was burning you
Brain tired, skin tighter
My spires, but it's caving in and you don't know what to doDiscomforted, feel left out
Questioning all that I'm made of!I pray for fire
Caught in the wire
Dreams, they seldom come true
Time for never
Is this the end of the
Cold, hard biter in you?Explosive, corrosive
Hide post-its just to keep your mind off the things you need to do
Kind notions, expulsion
Bad potion, but it takes a lot just to see the good in youDiscomforted, feel left out
Questioning all that I'm made of!I pray for fire
Caught in the wire
Dreams, they seldom come true
Time for never
Is this the end of the
Cold, hard biter in you?You had it right when you said, "everything goes wrong.
Living the life you have has forced you to get strong."
You had it right when you said, "everything goes wrong.
All you can do is carry on."Pray for fire
Caught in the wire
Dreams, they seldom come true
Time for never
Is this the end of the
Cold, hard biter in you?Cold, hard biter!
You said, "everything goes wrong."
Cold, hard biter in you!
("Has forced you to get strong.")
Cold, hard biter!
("And everything goes wrong.")
("All you can do is carry on.")
