

Monsters

Ruelle

You got no place to hide
And I'm feeling like a villain
Got that hunger inside One look in my eyes
And you're running 'cause I'm coming
Gonna eat you alive Your heart hits like a drum
The chase has just begun Monsters, stuck in your head
We are, we are, we are,
Monsters, under your bed
We are, we are,
We are monsters
We are, we are,
We are monsters One misstep, you're mine
And you better stay clever
If you want to survive Once you cross the line
You'll be wishing you would listen
When you meet your demise Your heart hits like a drum
The hunt has just begun Monsters, stuck in your head
Monsters, under your bed
We are monsters
We are monsters We never shoot to stun
We're kings of the killing
We're out for blood We'll take them one by one
We're kings of the killing
We're out for blood We never shoot to stun
We're kings of the killing
We're out for blood We'll take them one by one
We're kings of the killing
We're out for blood Monsters, stuck in your head
Monsters, under your bed
We are monsters
We are monsters
