

# Wait And See

## Brandon Heath

I was born in Tennessee  
Late July humidity  
Doctor's said I was lucky to be alive

I've been trouble since the day that I got here  
Trouble to the day that I disappear  
That'll be the day that I finally get it right

There is hope for me yet  
Because God won't forget  
All the plans He's made for me  
I'll have to wait and see  
He's not finished with me yet  
He's not finished with me yet

I never really was that good in school  
I talked too much, I broke the rules  
Teachers thought I was a hopeless fool, alright

I don't know how but I made it through  
Just one of those things that you gotta do  
I always had a knack for telling the truth

Still wondering why I'm here  
Still wrestling with my fear  
But oh, He's up to something  
And the farther on I go  
I've seen enough to know that I'm not here for nothing  
He's up to something

So now's my time to be a man  
Follow my heart as far as I can  
No telling where I'm ending up tonight  
I never slow down or so it seems  
But singing my heart it's one of my dreams  
All I gotta do is hold on tight

He's not finished with me yet  
He's not finished with me yet
