

# Friday Night

## All 4 One

Friday night and we're gonna party  
No stoppin' that's when we get started  
Hey, oh, don't you know?  
Hey, oh, baby, here we go  
Everybody come dance in the moonlight  
Throw your hands in the air 'cause it's alright  
Hey, oh, don't you know?  
Hey, oh, baby, here we go  
Friday evening and the sun is going down  
Every city, every town  
Friday evening and the people in my neighborhood  
Know tonight is going to be all good  
All the ladies gettin' ready, puttin' on sumthin' sexy  
Gonna be breaking some hearts before long  
No time to be lonely, come and get with my homies  
Thank God it's Friday, the party is on  
Friday night and we're gonna party  
No stoppin' that's when we get started  
Hey, oh, don't you know?  
Hey, oh, baby, here we go  
Everybody come dance in the moonlight  
Throw your hands in the air 'cause it's alright  
Hey, oh, don't you know?  
Hey, oh, baby, here we go  
All week long you've been putting in your time  
Working hard from 9 to 5, yeah  
All week long you've been waiting to unwind  
Here's your chance, come on out tonight  
I know you're ready to party and we're just gettin' started  
You know tonight's gonna be outta sight  
Find a cute seniorita, stroll on, go over and meet her  
Maybe you'll find some romancin' tonight  
Friday night and we're gonna party  
No stoppin' that's when we get started  
Hey, oh, don't you know?  
Hey, oh, baby, here we go  
Everybody come dance in the moonlight  
Throw your hands in the air 'cause it's alright  
Hey, oh, don't you know?

Hey, oh, baby, here we go  
C'mon, c'mon what you wanna do?  
Baby, c'mon before the night is through  
C'mon, c'mon I know you're ready  
You've been waitin' for this, are you ready?  
C'mon what you wanna do?  
Baby, c'mon before the night is through  
C'mon, c'mon I know you're ready  
I know you're ready for this  
Friday night and we're gonna party  
No stoppin' that's when we get started  
Hey, oh, don't you know?  
Hey, oh, baby, here we go  
Everybody come dance in the moonlight  
Throw your hands in the air 'cause it's alright  
Hey, oh, don't you know?  
Hey, oh, baby, here we go
